SUMMARY

Front-end developer with solid experience in HTML5, CSS, and React, passionate about building modern, responsive, and user-friendly web interfaces. Skilled in creating reusable components that improve efficiency and maintainability. Seeking a front-end development internship to gain hands-on experience, contribute to real-world projects, and collaborate with experienced developers to further enhance my skills.

PROJECT

Portfolio Website

Personal • [Portfolio](#) • April 2025 - April 2025

- Built Personal Portfolio Website using HTML, CSS, and JavaScript to showcase projects, skills, and professional experience.
- Implemented responsive design and navigation to ensure smooth user experience across desktops and mobile devices.
- Added interactive elements like animated sections, hover effects, and smooth scrolling to enhance engagement.

CodePlayer

NCBA&E • [GitHubRepo](#) • February 2025 - March 2025

- Developed CodePlayer, an interactive web-based IDE allowing users to write HTML, CSS, and JavaScript code and view live output in real-time.
- Implemented a user-friendly interface to enhance the coding experience.
- Designed responsive components to ensure smooth functionality across devices.

Recipies

Riphah International University • [GitHubRepo](#) • July 2024 - August 2024

- Built a responsive and interactive frontend using HTML, CSS, and JavaScript.
 - Developed backend functionality with PHP and MySQL to manage and display recipe data efficiently.
 - Enabled users to discover and explore a wide variety of recipes with a smooth browsing experience.
-
